# Why caption video content?

- Providing captions and a transcript of audio and visual material is required to pass Level A of WCAG
- It doesn't only benefit people with disabilities – many people don't have sound on while scrolling social media
- If you rely on auto captions, you may not get the message you intended!

# Auto English Bloopers

- searching for lots of engine people
- What laser head
- BBC's Michael finds pleasure in triple slow
- searching for lost and injured people
- What lays ahead
- If you see smoke or flames, please ring triple zero
